**Pink Beaches**

Bermuda’s beaches are famous not just for their beauty but for their blush-pink sand, caused by the presence of tiny, ground up shells. Horseshoe Bay Beach is the most famous, with clear, teal-blue water and tumbled rocks. Warwick Long Bay is adorned with rock outcrops and has pretty tide pools to explore. Elbow Beach is the place to head for a livelier scene, with bars, restaurants, and watersports facilities, as well as a shallow reef, teeming with fish.

**Bermudian History**

Step back in time in the National Museum of Bermuda in the Royal Naval Dockyard to learn about 400 years of the island’s history, from antique maps and cannons to treasures rescued from shipwrecks. Learn about the island’s role in both World Wars, and the darker days of the slave trade. UNESCO-protected St. George’s, too, is a fascinating insight into the past, with colorful old buildings and cobblestone streets to explore, as well as the 17th century St. Peter’s Church.
