

What a journey the last few months have been; these are – dare I say it? – unprecedented times. While our circumstances may vary from one person, one province, one industry or one country to the next, we have all been navigating the effects of COVID-19. There is still a way to go, but I am looking forward

to getting through this together. Countries around the world are slowly making progress and reopening at their own pace and in different ways.

Here at CAA Niagara we have also begun the process of reopening at our own pace and in our own way. CAA Niagara's Thorold, Niagara Falls, St. Catharines, and Welland Branches have reopened; however, our Grimsby location will remain closed at this time until renovations are complete. Between the months of March and August a number of our CAA Tuxedo Tour day/multi day tours and events were postponed or cancelled. Safety and security of our guests are our highest priority as we start to welcome passengers back onboard our tours. Rest and relaxation should be your only focus while on vacation. We are finalizing our enhanced health and safety standards to provide travellers with information and knowledge of how we plan to keep safety at the forefront throughout your travels with us. Our goal is to start operations again in the fall!

If you are looking for a quick getaway, at the end of October we are offering a tour to **Blue Mountain Village in Collingwood** for an overnight staycation. An autumn escape to enjoy the colours, this one-night staycation includes a winery tasting, guided walking food tour of downtown Collingwood, accommodation in the village, three meals and more! Please visit our website for more information or call me and I would be happy to provide more details and to register you.

When you're ready to travel again, CAA Tuxedo Tours is your source for inspiring itineraries and expert advice. Whether you prefer to stay close to home or venture someplace new, we're here for you. Although it's been a challenging time for everyone, you, our passengers, have supported us every step of the way. From your emails and phone calls, you have lifted our spirits. From our entire team we thank you and can not wait to welcome you back on board.

- Stay Well, Erin Clarke
