

Hello Solo Traveller,

We are certainly living in unprecedented times. Even though we can not connect in person for now, I want to take this opportunity to check in with our community of Solo Travellers. In uncertain times, it is easy to cycle through feelings of restlessness and concerns. I know this, because I as well as others, are feeling the same way. The Solo Travellers program foundation is built on the love of travelling and sharing those destination experiences with others, making this situation especially trying. At a time where the travel industry is fragile it is important to remember there will be calmer waters ahead.

As of March 17, CAA Niagara made the decision to close all branches to the public. The staff including myself have transitioned to a work from home environment and are still committed to supporting you by phone, email and online. Up to date information can always be found on caaniagara.ca/solo. We will use this time to research new tours, as well as plan our upcoming 2021 season lineup. Keep watch for delightful solo tours to:

- Winter Getaway: Caribbean Cruise, January 2021
- Caribbean Island, February 2021
- Flavours of Mallorca Spain, May 2021
- Danube River Cruise, October 2021

Despite everything going on, and the fact that we are unable to get together, I've never felt such a sense of community. The support from everyone to help in this unprecedented time is remarkable. We truly are all in this together. Keep checking in with those you love and keep finding ways to uplift the people around you. Let's stick together by staying apart. Stay Well.

Support Local Businesses

Small businesses need our support. From ordering takeout at a local establishment to shopping online or over the phone, no act is too small.

Support Tip: Purchase a gift card over the phone or online to use later in the year.

Great things are not done by impulse, but a series of small things brought together.
